isarmament Commission Does Not Expect Even a Considerable Number of Insurgents to Surrender Weapons, Which Are Owned by Individuals.

Havana, Oct. 2.—The work of disposing peacefully of the revolutionary forces in arms against the Cuban government is already practically under way. Brigadier General Frederick Funston, chairman of the disarmament commission, had two amicable conferences Sunday with Generals Pino Guerra and Del Castillo, and arranged a programme perfectly satisfactory to all concerned.

In fact, General Funston said that the windup would be so smooth and rapid that it would take much less time than had been expected.

The first landing of any considerable number of Americans took place Sunday night when 450 marines came ashore from the squadron in the harbor. This force proceeded for Cienfuegos at 9 o'clock on a special train. It was explained that this movement was not made on account of any actual trouble in Cienfuegos, but for the purpose of exerting a calming influence on the local situation, which contains some possibility of a conflict by reason of the tense feeling existing between the government volunteers and the insurgents.

The day at the palace passed quietly and rather gloomily.

There was as yet no signs of Secretary Taft's actual occupation of that edifice, which was the scene of a number of farewells by the president and his family. The members of the diplomatic corps and the foreign consuls called in a body to say goodby.

They gave expression to many sincere words of friendship and appreciation of the character and kindliness of the late head of the republic. Senor Palma received all his visitors with quiet dignity and seemed entirely reconciled to going, although he still appears dejected at the outcome of the revolution.

Towards evening the private reception room of the palace was thrown open, and scores of personal friends called and remained for some time with Senor Palma, his wife and other members of the family. The ex-president is besieged by requests for interviews by cable and in person. London newspapers are urgent in asking for an interview. To the cablegrams the ex-president has not replied, while to the newspaper correspondents here he has sent word that he has nothing further to say.

Secretary Taft sent a letter to Senor Palma, saying he desired to escort him to the railroad station Monday and show him every courtesy due his exalted position. Senor Palma thanked Secretary Taft cordially, but said he wished to leave quietly, and without public ceremony.

The disarmament commission has decided that the rebels shall not receive payment for their arms, but each man will be given transportation and subsistence until he reaches home. The programme of disarmament is simply that one member of the commission, accompanied by one or more representatives of the revolutionists will visit each command. The arms will be deposited with the battalion commander, who will turn them over to the commission. The rebels will take their horses home, the animals which have been stolen to be returned later to the owners on proper identification. In order to expedite the return home of the large number of revolutionists in Pinar del Rio province and avoid possible misunderstanding, a special train will be run beginning Wednesday, from the point on the line nearest the rebel camp to San Juan de Martinez, the terminus of the Western railroad. Men and horses will be distributed at the intermediate stations.

The provisional government has no appropriation that can be considerable number of the revolutionists will surrender their arms. Most of the weapons are the personal property of the men carrying them. The first of the department commission left here Sunday night for Puerto Principe. Others will start Monday for Santa Clara province on a special train, which will pick up the arms turned in at the various places on the way. As Santa Clara province contains the largest number of rebels in arms, the work there will be especially arduous. General Guerra himself will assist in superintending the work of the return of his men to their homes after the forces in Pinar del Rio province have given over their arms.

Governor Taft has sent a cablegram to Senor Quesada, the Cuban minister at Washington, requesting him not to press his resignation.

The disarmament of the government volunteers began here Sunday when the Estrada Palma battalion of city militia was disbanded.

Washington, Oct. 2.—Senor Quesada, the Cuban minister, when seen Monday had not received any reply from Secretary Taft to his letter of resignation transmitted Saturday. The retiring minister entertains toward former President Palma a feeling of the greatest attachment and sympathy.

"After spending 40 of the 73 years of his life in fighting for Cuban liberty, President Palma leaves the palace in Havana without a dollar," said Senor Quesada. "His private fortune, as well as the best energies of his life, have been patriotically poured out in the cause of his country.

"I have cabled to President Palma an invitation to make my house his home if he decides to come to the United States. Although President Palma is practically penniless, he has hosts of friends who will remain steadfast, even though adversity has become his portion."

Mr. Quesada made known Monday for the first time that a year ago he had tendered his resignation, but that President Palma had declined to accept it. He said it was his purpose to return to Cuba and participate in the election to be arranged by the provisional government, as he had no ambitions for future office.

The battleship Texas has been held at Cape Henry awaiting further instructions from Secretary Taft. The secretary wired the navy department that he did not need any more battleships, but wanted more marines. He has been informed that the Texas has 200 marines aboard and further supplies for land service.

Havana, Oct. 2.—A brigade of marines, consisting of 750 men, commanded by Major Neville, was landed at 8 o'clock Monday morning from the United States warships Kentucky, Indiana and Minneapolis and proceeded by trolley to Camp Columbia.

Major Halford Ordered to 'Frisco.

Atlanta, Oct. 2.—Lieutenant Colonel Elijah W. Halford, paymaster of the Department of the Gulf of the United States army, with headquarters in Atlanta, and one of the locally best known officers of the department, has received orders to leave for San Francisco. In view of the fact that he will be retired in less than a year, the order making the transfer comes as a surprise. He will leave for San Francisco next Sunday. The change is said to be due to the mobilization of troops in Cuba, the former paymaster stationed at San Francisco having been ordered to join the army of occupation which has been dispatched to the Queen of the Antilles. Besides his official duties with the Department of the Gulf, Lieutenant Colonel Halford was well known and esteemed as the assistant to Rev. Frank Bakes, pastor of the Wesley Memorial church.

Magoon Arrives at New York.

New York, Oct. 2.—Charles E. Magoon, the retiring American minister to Panama, and governor of the canal zone, arrived Monday on the steamer Panama from Colon. He was accompanied by Joseph W. J. Lee, American minister to Ecuador, and Thomas W. Cook, collector of revenue for the canal zone. Governor Magoon said the conditions are most favorable on the isthmus. Work on the canal is progressing rapidly, although it is still in the preliminary stage.

WORK OF RESCUE HANDICAPPED BY RAIN

Isolated Survivors of Hurricane In Distress.

MANY ARE ALMOST STARVING

Relief Committee Worked All Night. Gulf Population Who Escaped With Their Lives From the Hurricane Now Face Death From Starvation.

Mobile, Ala., Oct. 2.—A heavy rain storm, which is greatly interfering with the railroad and telegraph companies, set in Sunday night and is still on. No wind has accompanied the rainfall as yet, but the downpour has been exceedingly heavy and has enormously threatened the difficulties of construction gangs.

It is feared, too, that it will cause much increase in suffering and some deaths along the coast of the south end of Mobile bay. Many people are homeless in that section and are living in the woods with a scanty supply of provisions. The exposure of another storm cannot but have a serious effect on women and children. On Dauphin Island there are 500 people homeless, with only three small buildings in which they can obtain shelter.

Despite the fact that two relief expeditions were sent out Sunday, there are not more than enough provisions for more than one day, and additional supplies were sent down early Monday.

While there is no suffering in Mobile proper, there is urgent need at many points on the southern part of the bay, and assistance for these people will be gratefully received.

Arrests were made at some of the lower coast resorts Monday of negroes who were caught looting some of the wrecked houses, and it has been determined to send additional details of militia to Coden and other points near by to protect property.

Word was received Sunday night that from 30 to 40 Creoles on Monlouis Island are destitute and in imminent danger of starvation. It is doubtful, however, if anything can be done for them before Tuesday.

The citizens of Mobile have undertaken relief measures with energy and are sending food and clothing to the stricken points as rapidly as possible, but there is so much suffering at various points to which access is so difficult, that it is certain that great suffering must follow. Next to food, the great need is for clothing. Men and women in some places have been reduced to wearing coffe sacks for clothing, and there are few sacks to be had at that.

The first thing done by the relief expedition sent from here to Coden was to give to the people clothing with which to cover themselves.

The suffering has been intense at Bayouiabaire, and is still acute. Members of the relief committee which visited that place Sunday reported that they were followed through the streets by little children, who were crying and begging piteously for a piece of bread.

A large number of tents was taken to Dauphin Island Sunday night, and more will be taken later.

Pensacola, Fla., Oct. 2.—While much was known and considerable surmised previously as to the death and destruction by the hurricane, the full extent of the terrible blow to Pensacola and surrounding territory is now just being realized, as reports reach the city from small towns and settlements along the bayou and on Santa Rosa Island, bringing news of disasters. Sunday brought forth four more deaths and many tales of suffering from exposure and starvation.

There are known to be 30 dead. Death and destruction are on every hand, and it is believed that possibly 10 days from now, when the debris is all cleared away and reports in from outlying districts, that the death list will reach 75.

Washington, Oct. 2.—The weather bureau says the remnant of the gulf storm of last week is entering Monday morning over the northeast portion of the Gulf of Mexico. It has not developed as yet sufficient energy to cause more than fresh winds and rain in the gulf and South Atlantic states.

The winds along the middle Atlantic coast will be fresh northeast; along the South Atlantic coast brisk, probably high northeast; along the east gulf coast fresh to brisk northwest; on the lower lakes fresh southeast.

New Orleans, Oct. 2.—Fourteen dead and as many more missing is the result of Last Thursday's hurricane in the vicinity of New Orleans. Twelve persons were drowned in the Mississippi sound, two were killed in interior towns of southern Mississippi and more than a dozen fishermen are reported missing in the delta region of the Mississippi river south of this city.

This summary is based on reports from almost every town or settlement in or about the regions named, such places as could not be communicated with by telegraph having been reached by boat or horse. New Orleans is still without sufficient telegraph communication, and eastern mails are three or four days overdue.

CLOUDBURST HALTS TRAFFIC.

Bent of Bridge Washed Out on Knoxville Division of Southern.

Nashville, Tenn., Oct. 2.—A cloudburst about 1 o'clock Sunday morning washed out a bent of a bridge on the Knoxville division of the Southern railway at Brush creek, between Carthage Junction and Watertown, 4 miles from Nashville, and traffic on the division was suspended for more than 16 hours. Three passenger trains and all freight trains were laid up.

The Nashville, Chattanooga and St. Louis railroad is the only line out of Nashville that has not had more or less trouble with train service within the past few days owing to the excessive rains.

The Louisville and Nashville is operating regular trains to the south only as far as Montgomery, although it is selling tickets through, subject to delay.

They May Organize Union.

Savannah, Ga., Oct. 2.—A movement is on foot among the conductors and motormen of the Savannah Electric company to organize a union. The matter has been agitated for some time. It is said the men have been holding many meetings, and that they have decided to join the union. The company strongly discourages the idea of a union of their conductors and motormen. The company has just announced a considerable advance in the pay of its employees, but this has not served to discourage them in their purpose. The employes are making no threats of a strike. They have no grievances, but seem to think that they should have an organization.

Savannah Man Kills Wife.

Savannah, Ga., Oct. 2.—William Rogers, 25 years old, sent two bullets into the body of his wife, Mrs. Ella Rogers, killing her instantly. Then he turned his weapon upon himself and sent a bullet through his right shoulder. The shooting occurred in a lunch shop, where Mrs. Rogers had gone to secure food for herself and two daughters of a former union. There her husband found her and made his second and this time successful attempt to kill her. Rogers would have succeeded in killing himself had not a man in the place sprang upon him and wrested the pistol away. Rogers was arrested.

Mrs. Astor Improved In Health.

New York, Oct. 2.—Mrs. William Astor returned to her home on Fifth avenue, from her villa at Newport, where she has been seriously ill for two months. At Mrs. Astor's home her secretary said that Mrs. Astor was greatly improved and that there was every reason to hope that she would soon be wholly restored to health.

Will Help Suppress Crime.

Athens, Ga., Oct. 2.—The negro militiamen in Athens have taken pronounced action on the question of suppressing crime and have tendered their services to the authorities, in any way and every way, to bring about a better state of affairs among the race.

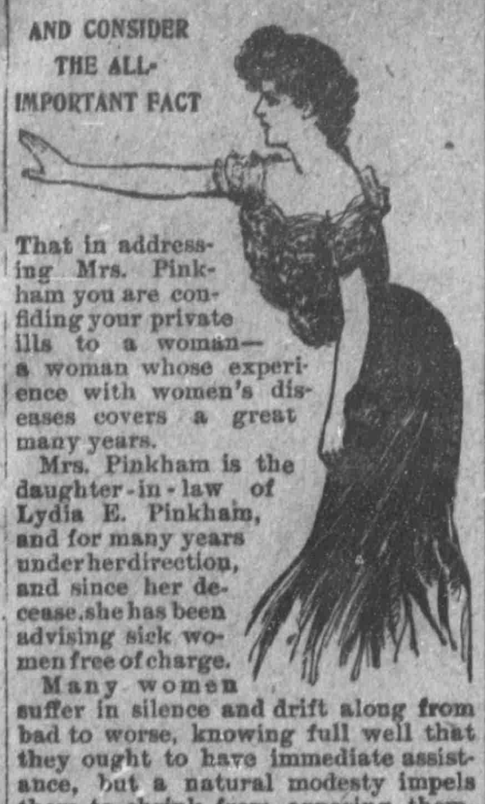
GAINESVILLE FURNITURE COMPANY.....

STOP, WOMAN!

AND CONSIDER THE ALL-IMPORTANT FACT



That in addressing Mrs. Pinkham you are confiding your private ills to a woman—a woman whose experience with women's diseases covers a great many years.

Mrs. Pinkham is the daughter-in-law of Lydia E. Pinkham, and for many years under her direction, and since her decease, she has been advising sick women free of charge.

Many women suffer in silence and drift along from bad to worse, knowing full well that they ought to have immediate assistance, but a natural modesty impels them to shrink from exposing themselves to the questions and probable examinations of even their family physician. It is unnecessary. Without money or price you can consult a woman whose knowledge from actual experience is great.

Mrs. Pinkham's Standing Invitation.

Women suffering from any form of female weakness are invited to promptly communicate with Mrs. Pinkham, at Lynn, Mass. All letters are received, opened, read and answered by women only. A woman can freely talk of her private illness to a woman; thus has been established the eternal confidence between Mrs. Pinkham and the women of America which has never been broken. Out of the vast volume of experience which she has to draw from, it is more than possible that she has gained the very knowledge that will help your case. She asks nothing in return except your good-will, and her advice has relieved thousands. Surely any woman, rich or poor, is very foolish if she does not take advantage of this generous offer of assistance.

If you are ill, don't hesitate to get a bottle of Lydia E. Pinkham's Vegetable Compound at once, and write Mrs. Pinkham, Lynn, Mass., for special advice.

When a medicine has been successful in restoring to health so many women, you cannot well say, without trying it, "I do not believe it will help me."

FURNITURE BEING MOVED.

Secretary Kellum Has Shipped Quantity of E. F. S. Furniture.

Secretary J. G. Kellum of the State Board of Control, by instruction from the board, has shipped from East Florida Seminary in this city a quantity of furniture consisting of beds, heaters, etc., which will be used in the Industrial School for Negroes, a State institution located at Tallahassee.

With the removal of this furniture there remains of the old Seminary furnishings but little, one room accommodating it all. Notwithstanding that the elegant new University buildings have been located here, the people of Gainesville regretted to see the furniture of the dear old Seminary removed, which, for nearly half a century, enjoyed the distinction of being one of the leading educational institutions of Florida.

Collector Ellis Busy.

October 1 being the day on which collections for license tax was due, City Collector T. B. Ellis was busily engaged during Monday and Tuesday collecting same, with remarkable success.

Collector Ellis is very much gratified at the promptness in which the merchants and others are voluntarily responding to the call, and expresses a belief that there will be few delinquents.

The license taxes amount to considerable in Gainesville now, and will have a tendency to "fatten" the municipal treasury a great deal.

An Enjoyable Surprise.

There was rather an agreeable surprise at the home of Rev. and Mrs. S. B. Rogers Monday evening, the occasion being a "surprise reception" tendered the good pastor and his family upon their home-coming from North Carolina, where they spent the summer delightfully.

There was a large number of the Baptist congregation and friends present, and it is needless to add that everybody had a good time. The ladies furnished an abundance of delicious cream and cake, which was keenly relished.

A FINE PRIVATE CAR.

Manager Atkinson and His Associates Will Now Take Life Easy.

General Manager C. N. Atkinson of the Gainesville and Gulf and Tampa and Jacksonville railways is the proud possessor of an elegant new private car, No. 99, which has just been placed in commission. This car was especially designed as a private and office car combined, and will be used by Mr. Atkinson and his officials in the work of extending the road, which is now in progress. It will be necessary to remain a great part of the time with the track force, and the car is intended to be used, until the completion of the road, for living purposes.

This car is equipped with a regular office, a commodius dining room, a kitchen, toilet and lavatory and two comfortable state-rooms with beds sufficiently large to accommodate two persons each.

NATTILE WHIPPED COW.

That Was Charge Against Him, and He Was Sent Up for Three Months.

A colored man by the name of Nattile, whom it is claimed severely beat a cow near Archer, is in jail in this city, having been arraigned in Justice Chamblin's court upon a charge of cruelty to animals, and given a sentence of three months in the "gang."

It is said that Nattile's father appeared as a witness in defense of the son, stating that the defendant could not have possibly inflicted the alleged injuries upon the cow, as he (the son) was working with him in the field at the time the alleged assault upon the animal occurred. However, other evidence was submitted which led the court to believe that the man was guilty.

THOMAS' ATTORNEYS MAKE A NEW TACK

Have Applied for Writ of Habeas Corpus Before Judge Wills.

THOMAS IS NOW IN PRISON

Notwithstanding the Various Witnesses Examined by the State in Favor of the Defense, Thomas Not Permitted to Give Bail.

Not being content with the ruling of Justice Colman in committing William Thomas, the slayer of Maxie Scofield at Bell on the 24th inst., to jail without bail, after the introduction of nearly a score of State witnesses whom they felt showed plainly that Thomas was justifiable in taking the life of Scofield, the attorneys for the defense, Judge Syd L. Carter, Evans Haile and B. A. Thrasher, have applied to Judge J. T. Wills of the Eighth Judicial Circuit for a writ of habeas copus to compel the release of the defendant, who is now a prisoner, upon a reasonable bond.

The story of this homicide is well known, as it has been fully covered: Thomas was first arrested and was arraigned before Justice Barron at Bell, when he was released, after the hearing of testimony of several witnesses. He was re-arrested and brought to Gainesville, the warrant having been made out returnable to Justice Colman, and on last Saturday, the date of the trial, the city was thronged with witnesses from the West End who had been summoned by the State.

Thomas was remanded to jail without bail to await the action of the grand jury at the fall term of the circuit court for Alachua county, and his attorneys have taken this means in an endeavor to have him released over the jurisdiction of the justice court on a reasonable bond.

REAL ESTATE TRANSFER.

J. W. English Purchased Flewellen Truck Farm Near Clyatt.

J. W. English, a progressive and successful young trucker of Tacoma, is ranching out, so to speak. Mr. English has purchased the famous Flewellen truck farm near Clyatt.

This tract comprises 241 acres, of which sixty are cleared and under cultivation. The tract is one of the most fertile in the county, adapted especially for the raising of diversified crops of vegetables and melons. It proved one of the most prolific producers in that section, and will no doubt continue to do so under the skilful management of the new owner.

Personals From Tioga Log Camp.

Tioga, Fla., Oct. 2.—Miss Annie Hadley of Jonesville is visiting Mrs. J. E. Andrews of this place. The latter's brother, Rowe Barber, of Mc-Kenny, spent a few days last week with her.

Mrs. Eugene Wordell and children spent the past week with her father, who has recently been bereft of his wife.

Mrs. E. D. North, who has been seriously ill, is again slowly improving.

Miss Allie Robb and Mrs. N. E. Andrews, two esteemed ladies of this vicinity, spent one day in Newberry last week.

Jimmie Griffin, a jolly good fellow of Jonesville, made an "important visit" to acquaintances here last Sunday.

Mr. Carson and Mr. Robb made a business trip to Archer last Friday.

Business is rocking along with a rattle, as usual, the logs are being sawed and hauled away daily, while the turpentine is continually on the move.

JOTTINGS FROM JUDSON.

Cotton Crop Fifty Per Cent Short, and Nearly All Gathered.

Judson, Oct. 2.—As it has been quite awhile since our little burg has been heard from in your valuable paper, we will send you a few dots.

There was a quiet wedding here Thursday night, the contracting parties being Mr. W. J. Williams and Miss Julia B. Hogens. They were united in the holy bonds of matrimony by R. S. Tucker, a notary public.

The cotton crop is moving very slowly. It is bringing five to five and one-half cents per pound here, but the farmers are holding it back for better prices. The crop won't be more than one-half as much as usual in this community, and is about three-fourths' picked out.

Willie Johnson Yet Alive.

Information comes from Micanopy that Willie Johnson, the fourteen-year-old son of Dr. and Mrs. W. C. Johnson, who was accidentally shot while fooling with a pistol a few days ago, is still alive, and is resting easily, with a fine chance of recovery.

It was a miracle that this lad was not killed outright, as those familiar with the nature of the wound state that the bullet, a 32-caliber, entered the head, passed in a circle and came out at the other side just under the skin. It was most miraculous, and something which would not occur once in a million times.

EDUCATIONAL DAY.

Friday, November 23, is Day Set by President T. J. L. Brown.

At the suggestion of State Supt. W. M. Holloway, Hon. T. J. L. Brown, president of the Florida State Fair Association, has designated Friday, November 23rd, as Educational Day. The following circular letter, issued by Superintendent Holloway, has been sent to every school official in the State:

"Tallahassee, Florida, Sept. 28, 1906.

"To the School Officers and Teachers of Florida:

"President T. J. L. Brown has kindly consented to designate Friday, November 23rd, as Educational Day at the State Fair to be held in the city of Tampa, the metropolis of South Florida.

"A building will be dedicated solely to educational resources. Absolutely no exhibit other than educational in character will be allowed in this building, and for the first time in the history of the State of Florida the educational advantages of the State will be given ample space in which to be properly displayed to the thousands of visitors to the Fair.

"Every school and college, either public or private, owes to itself and to the State of Florida the duty of being represented.

"The premium list is so varied as to give every county, every town, every school and every individual student an opportunity to win a prize. A sum of more than a thousand dollars has been appropriated by the Fair Association and subscribed by prominent citizens and educators of the State for these different prizes. Apply at once to Hon. T. J. L. Brown, Tampa, Florida, for a premium list.

"Exhibits will be permitted to be placed in the Educational Building up to the date designated as Educational Day, but application for space should be made as early as possible.

"I sincerely hope every school in the State will send an exhibit to the State Fair this year. A program appropriate to the occasion is being prepared. Several of the most noted educators of the country will visit the Fair on Educational Day and address those in attendance. An educational conference will be held that will be of greater consequence than any conference of the kind ever held in Florida.

"From an educational standpoint for all the students of the State and many of the teachers, a trip to the beautiful and progressive city of Tampa and an attendance of a day upon the State Fair would prove very instructive, therefore, I urge the county boards and superintendents to allow the school children and teachers to attend the Fair on Educational Day without loss of time to the teachers.

"I would be glad to see every school board member and county superintendent in attendance upon this occasion also.

"Yours very truly,
"W. M. HOLLOWAY,
"State Supt. Public Instruction."

Steamer Panama to Transport Troops.

New York, Oct. 2.—Notice was received at the office of the Panama railroad steamship line that the United States government will require the use of the company's steamer Panama to transport troops to Cuba. The Panama was scheduled to sail from this city on Saturday next and will sail on that date with her cargo and will probably stop at some southern port to take on the troops.

Narrowly Escaped Death.

Manchester, N. H., Oct. 3.—Baron Rosen, Russian ambassador to the United States, had a narrow escape in an automobile collision in Manchester Sunday afternoon. The axle of his machine was broken, but neither the baron nor any member of his party were injured.

A Mild Laxative

Ask your doctor to name some of the results of constipation. His long list will begin with sick headache, biliousness, dyspepsia, thin blood, bad skin. Then ask him if he would recommend your using Ayer's Pills for constipation. Just one pill at bedtime, a few times, that's all.

We have no secrets! We publish the formulas of all our preparations.

EE NEGROES SHOT TO DEATH

a Fourth Probably Fatally Wounded In Alabama.

est Point, Ga., Oct. 2.—Near dale, Ala., 5 miles below here, negroes were shot, three of whom killed on the spot and the fourth at the point of death.

e shooting was the result of an cation between one of the negroes a white mill operative.

seems that the negro, Lon Bur-, was waiting at the little way- station for the Chattahoochee y train to take him to his home crossing a few miles below.

e had deposited his basket in the ing room and a white man by the e of Saddler ordered him to take basket out. Some words were ed and several other white nds of Saddler joined in chasing negro under a platform, where threw bricks and rocks at each until the negro drew his knife, n they crowded upon him, but he- e his escape by rushing into the by store of L. R. Johnson & Co., re the proprietors protected him il the train left.

The white men took the next train wn, and when they reached the ossing they saw the negro there th a shotgun in his hand, standing th several other negroes.

A volley of shots were fired from e train windows into the crowd, kill- g three men, Lon Burdette, Gabe cCants and Nick Spratling, and ounding possibly fatally a woman, aster Burdette.

McCants and Spratling were con- idered among the best negroes in this part of the country and, return- ing from shopping in West Point, had just stepped off of the train and were evidently ignorant of any trouble.

The coroner's inquest was held and it is reported that two of the white men have been arrested.

It has been impossible to learn the names of the men who did the shoot- ing.

A Most Worthy Article.

When an article has been on the market for years and gains friends every year, it is safe to call this medi- cine a worthy one. Such is Ballard's Horehound Syrup. It positively cures coughs and all pulmonary diseases. One of the best known merchants in Mobile, Ala., says: "For five years my family has not been troubled with the winter coughs. We owe this to Ballard's Horehound Syrup. I know it has saved my children from many sick spells." Sold by W. M. Johnson.

Boat and Crew Lost in Gale.

Port Huron, Mich., Oct. 2.—An unknown steamer foundered with its entire crew in Lake Huron, off Sanil- ac, at 3 o'clock Sunday morning dur- ling the northwest gale. The tragedy was witnessed by the crew of the pas- senger steamer City of Mackinaw, which arrived at Harbor Beach Sun- day. The Mackinaw was some dis- tance away when the unknown steamer foundered and cruised about in the vicinity for some time in the ope of rescuing some of the crew, t in the darkness and storm no race of them could be found nor any clue to the identity of the vessel.

BOTH FOOD AND MEDICINE.

We like best to call Scott's Emulsion a food-medicine. It is a term that aptly describes the character and action of our Emulsion. More than a medicine—more than a food, yet combining the vital prin- ciples of both. It is for this reason that Scott's Emulsion has a distinct and special value in all wasting diseases. There is nothing better to remedy the troubles of im- perfect growth and delicate health in children. The action of Scott's Emulsion is just as effective in treating weak- ness and wasting in adults.

May Cease to Direct Affairs.

New York, Oct. 2.—There is much discussion in Paris, according to a special cable to a morning paper, that Czar Nicholas of Russia may cease to direct the affairs of the empire. A Paris paper says that court circles are already discussing an eventual regency. The reason given for such an eventuality is that recent incidents have so affected the czar's health that his condition has inspired lively anx- iety among his entourage. The Echo de Paris publishes, from what it says is a good source, a persistent report circulating in Copenhagen that the czar and czarina have been in that city for two days.

Doctors Said He Would Not Live.

Peter Fry, Woodruff, Pa., writes: "After doctoring for two years with the best physicians in Waynesburg, and still getting worse, the doctors ad- vised me if I had any business to at- tend to, I had better attend to it at once, as I could not possibly live another month, as there was no cure for me. Foley's Kidney Cure was rec- ommended to me by a friend, and I immediately sent my son to the store for it, and after taking three bottles I began to get better, and continued to improve until I was entirely well." J. W. McCollum & Co.

Died of Hydrophobia.

New York, Oct. 2.—Sigmond Bil- lingslee, 5 years of age, died of hy- drophobia at the general hospital in Greenwich, Conn., Sunday night, hav- ing been bitten by a dog on Aug. 9. The wound was cauterized the same day. The boy was taken ill in the morning and died in all the agonies of that terrible affliction. A brother was bitten by the same dog at the same time, and a close watch is be- ing kept on him.

Second Peace Conference Urged.

Rome, Oct. 2.—The convocation of the second peace conference at The Hague is being urged by Great Brit- ain and also by Russia, the latter wishing to show that the internal sit- uation in that country is again be- coming normal, and that in any case it does not affect her foreign policy.

Hottest Day of Year.

Los Angeles, Cal., Oct. 2.—Sunday was the hottest day of the year. At 12:30 p. m. 105 degrees were re- corded in the shade on the top of the Los Angeles Trust building, 117 degrees in the sun at the same eleva- tion, and 112 degrees in the shade on the streets.

Will Adopt New Bullet.

Washington, Oct. 2.—The army will shortly adopt the new bullet which was recently tested by several of the target experts at the national rifle meet at Sea Girt and found to be satisfactory by them. Instead of the rounded point of the present bul- let, it has a long straight tapering point, and is also about one-third lighter, weighing about 150 grains. The new bullet has a greater velocity up to 2,000, a greater energy up to 1,400 yards, a flatter trajectory up to 2,000 yards, and a little better accu- racy up to 2,000 yards.

Don't Be Imposed Upon.

Foley & Co., Chicago, originated Honey and Tar as a throat and lung remedy, and on account of the great merit and popularity of Foley's Honey and Tar many imitations are offered for the genuine. These worthless imi- tations have similar sounding names. Beware of them. The genuine Foley's Honey and Tar is in a yellow package. Ask for it and refuse any substitute. It is the best remedy for coughs and colds. J. W. McCollum & Co.

NIP IT IN THE BUD.

First Appearance of Dandruff a Fore- runner of Future Baldness.

That such is the case has been con- clusively proven by scientific research. Prof. Unna, the noted European skin specialist, declares that dandruff is the burrowed-up cuticle of the scalp, caused by parasites destroying the vitality in the hair bulb. The hair becomes lifeless, and, in time, falls out. This can be pre- vented.

Newbro's Herpicide kills this dandruff germ, and restores the hair to its natural softness and abundancy.

Herpicide is now used by thousands of people—all satisfied that it is the most wonderful hair preparation on the mar- ket to-day.

TESTING METHODS

A test as to the value of news- paper advertising over other methods was made a year ago by the great publishing house of Harper & Bros. Two books were selected, one by a well known popular author and the other by an unknown writer. The latter was selected for the newspaper advertising and the other for the usual channels.

With equal expenditure the work advertised in the newspapers outstripped the other in sales by 200,000 copies.

The result was a complete sur- prise and established the fact that readers go to the newspa- pers for information with regard to books as well as with regard to most other matters.—National Printer-Journalist.

The best advertising medium for any merchant is the local paper which goes into the homes of the people, as this paper does.

DRAINING THE EVERGLADES.

We had intended to have nothing to say whatever, more than we have already said, says The Jasper News, about Gov. Broward's drainage amendment which is to be voted upon at the approaching November election. But on second thought we believe that we would be remiss in our duty to the people among whom we have lived so long did we not, at least, tell them what our views on the subject are.

The question to be considered is not Gov. Broward's honesty in the matter; not whether the drainage plan is feasible or practicable; not whether the lands drained would be enhanced in value—but whether the people, the taxpayers of the State, would be benefited thereby

As to the lands in the Everglades, they are involved in a lawsuit. Our State Legislature granted every acre of them to various railroad companies. The trustees of the internal improvement fund, for the first time in the history of our State, refused to make deeds and the railroad companies went to law to compel them to do so.

It is not wise, it is not good policy, nor is it in accordance with good business methods to spend thousands of dollars of the people's money in improving property which may be lost.

But, again, supposing, for the sake of argument, that there were no question about the title of the State to these lands, even then they should not be expended in draining the Everglades, nor any other swamp. These lands, or every dollar of the proceeds derived from their sale, belongs to the school fund of the State.

It is not wise, it is not business-like, it is not to the interest of the farmers of this country to take money which is provided by law to educate their children and drain a swamp which two-thirds of already belongs to corporations, with a fair prospect of their becoming possessed of the balance of it.

The proceeds of the sale of that land, if put in the school fund, where the law says it shall be placed, would benefit every child of school age in the State. Waste it in digging ditches in the Everglades and the corporations are the gainers and the children are the losers.

Throughout the State great interest is being shown in the Woman's Department of the State Fair at Tampa, and the women of Florida will be represented by hundreds of exhibits of their handiwork. They are particularly pleased at the fact that the magnificent Women's building, dedicated to them, will this year be for their use exclusively, this being made possible by the erection of a handsome building, to be known as the Educational Building, and to be dedicated to the school children and teachers of Florida. The educational exhibit will be a magnificent one, as many counties not represented otherwise will have exhibits from their schools in this building. A model poultry building will also be erected at an early date.

Congressman Longworth, better known as the man who married Miss Alice Roosevelt, has a hard fight on his hands for re-election. The labor organizations have nominated a candidate against him and the Democrats have endorsed the nominee. Mrs. Longworth will probably be able to pull her husband through, however.

Anything to keep from working is the motto of a Wisconsin couple who taught their two children, aged ten and eleven, to steal and made them support the family. It would be difficult to devise a punishment to fit this crime.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address:

One of the most interesting and attractive features of the art department of the State Fair will be the display of a large collection of paintings and photographs of Florida's distinguished men and women of the past and present. These paintings and photographs will include soldiers and statesmen and men and women of note in every walk of life. Persons possessing such paintings and photographs are requested to send them in for display before the Fair opens.

Though the big insurance companies may not love Hearst they will badly violate the law by putting up the money to elect Hughes, who turned the x-rays on their unlawful use of the policy holders' money. The probes of Dr. Hughes left wounds not yet healed.

The Russian police have intercepted the terrorists transporting two flying machines on flat cars. If that is the sort of flying machines the terrorists are using there seems no reason why the Russian police should not let them continue to amuse themselves.

New Hampshire Democrats have again reminded the country of their existence by nominating a State ticket. The Republicans of South Carolina, Mississippi and several other Southern States, however, have not yet been heard from.

NOTICE OF ELECTION.

Whereas, The Legislature of 1905, under the Constitution of 1885, of the State of Florida, did pass five Joint Resolutions proposing Amendments to the Constitution of the State of Florida, and the same were agreed to by a vote of three-fifths of all the members elected to each House; that the vote on said Joint Resolutions were entered upon their respective Journals, with yeas and nays thereon, and they did determine and direct that the said Joint Resolutions be submitted to the electors of the State at the General Election in November, 1906.

NOW, THEREFORE, I, H. CLAY CRAWFORD, Secretary of State of the State of Florida, do hereby give notice that a

GENERAL ELECTION

will be held in each County in Florida on Tuesday next succeeding the first Monday in November, A. D., 1906, the said Tuesday being the

SIXTH DAY OF NOVEMBER,

for the ratification or rejection of the said Joint Resolutions proposing Amendments to the Constitution of the State of Florida, viz:

ARTICLE XXVIII.

That the following amendment to Article XVI of the Constitution of the State of Florida be and it is hereby agreed to and shall be submitted to the electors of the State at the general election, to be held on the first Tuesday after the first Monday in November, A. D., 1906, for ratification or rejection.

Section 32. The Governor, the Comptroller, the State Treasurer, the Attorney-General and the Commissioner of Agriculture of the State of Florida, and their successors in office, are hereby constituted and designated as a board of drainage commissioners, and are hereby authorized and empowered to establish a system of canals, drains, levees, dikes and reservoirs of such dimension and depths, as in the judgment of said board of drainage commissioners is deemed advisable, to drain and reclaim the swamp and overflowed lands within the State of Florida, or such parts or portions thereof as is deemed best by said board of drainage commissioners from time to time, and to provide for the irrigation of the lands reclaimed, and to maintain such canals, drains, levees, dikes and reservoirs in such manner as will be most advantageous to the territory so drained, the State of Florida, its inhabitants and the commerce thereof.

Section 33. That the board of drainage commissioners are hereby authorized and empowered to establish drainage districts and fix the boundaries thereof in the State of Florida. That the board of drainage commissioners be and it is authorized and empowered to prepare a list or lists of all the alluvial or swamp and overflowed taxable lands within such drainage district or districts, and levy thereon an acreage tax not exceeding ten cents per acre per annum to be fixed annually by said board of drainage commissioners, and the various tax assessors of the various counties embraced in part or in whole within such drainage district or districts shall receive such list or lists and enter the same upon the tax rolls of the county or counties in which such lands may lie and the amount so levied by the board of drainage commissioners in such manner and form as may be prescribed by the board of drainage commissioners from time to time, which amounts shall be collected by the various tax collectors of the counties wherein such levees have been made as other taxes are collected in accordance with law, and pay over said amounts collected to the board of drainage commissioners; said commissioners shall have a lien superior to all other liens upon the taxable lands in any such drainage districts to be enforced by tax levy, for the cost of any work done under the provisions hereof, or done prior to the adoption of this amendment, under the provisions of an act of the Legislature passed in 1905.

Section 34. That the board of drainage commissioners be and it is authorized to exercise the right of eminent domain in the condemnation of land for the location of its canals, drains, levees, dikes and reservoirs for the purpose aforesaid and may enter upon, take and use such land as it may, pending condemnation proceedings, deem necessary for such purposes, and in ascertaining the compensation to be paid for such land or right of way, benefits to be derived from such drainage shall be considered by the jury.

Section 35. The Legislature may provide for the assessment of benefits derived by lands by reason of such drainage, and the collection thereof; the proceeds therefrom shall be paid to the board of drainage commissioners to be used by them for such drainage purposes.

Approved May 27, 1905.

ARTICLE XXIX.

That Section nine (9) of Article five (5) of the Constitution of the State of Florida be and the same is hereby amended so as to read as follows, viz:

"Section 9. The salary of each Justice of the Supreme Court shall be four thousand ($4,000.00) dollars a year. The salary of each Circuit Judge shall be three thousand five hundred ($3,500.00) dollars a year."

That the foregoing amendment to Section 9 of Article V of the Constitution is hereby agreed to and the same shall be submitted to the electors of the State for approval or rejection at the next general election of representatives as required by Section 1, Article XVII of the Constitution.

Approved May 31st, 1905.

ARTICLE XXX.

That the following amendment to Article V of the Constitution of the State of Florida, relative to the Judiciary Department to be numbered section 39 of said Article V, be and the same is hereby agreed to and shall be submitted to the electors of the State at the general election to be held on the first Tuesday after the first Monday in November, A. D., 1906, for ratification or rejection, to-wit:

Section 39. That annual salary of the Judge of each of the Criminal Courts of Record now, or hereafter to be, established shall be paid quarterly by the county where such court is established, and shall be as follows: In counties of less than fifteen thousand population, one thousand dollars; in counties of from fifteen thousand population, one thousand dollars; in counties of from fifteen thousand to twenty-five thousand population, fifteen hundred dollars; in counties of from twenty-five thousand to thirty-five thousand population, two thousand dollars; and in counties of more that thirty-five thousand population, twenty-five hundred dollars, hereby repealing any and all parts of the said Constitution in conflict herewith.

Approved June 6, 1905.

ARTICLE XXXI.

That the following amendments to Article V of the Constitution of the State of Florida, relative to the Judiciary Department, to be numbered Sections 40, 41, 42, 43, 44, 45, 46, and 47, of said Article V, be and the same are hereby agreed to and shall be submitted to the electors of the State at the general election to be held on the first Tuesday after the first Monday in November, A. D., 1906, for ratification or rejection, to-wit:

Section 40. There shall be established in the county of Escambia, whenever the voters of said county shall so determine by a majority of the votes cast, on the question at any general election, a court of record and there shall be a judge of said court who shall be appointed by the Governor and confirmed by the Senate, who shall hold his office for six years and whose salary shall be two thousand, five hundred dollars a year, payable quarterly by the county of Escambia. The criminal court of record now established in Escambia county shall, upon the adoption of these amendments, become and be the court of record as herein provided and all officers of such criminal court of record shall be officers of such court of record and discharge the duties and receive the emoluments of such until the expiration of their present term of office.

Section 41. The said court and Judge shall have exclusive original jurisdiction of all criminal cases, not capital, which shall arise in Escambia county, and shall have in Escambia county, concurrent with the Circuit Court and the Circuit Judge of said county, the same original jurisdiction of all other cases and matters as the circuit court and circuit judge of said county and the same power to issue writs of mandamus, injunction, quo warranto, certiorari, prohibition, habeas corpus and all writs proper necessary to the complete exercise of their jurisdiction as the circuit court and circuit judge of said county, except the power and authority to summon and empanel a grand jury.

Section 42. There shall be six terms of said court in each year.

Section 43. There shall be for said court a prosecuting attorney who shall be appointed by the Governor and confirmed by the Senate and who shall hold his office for four years. His compensation shall be fixed by law.

Section 44. All offenses triable in said court shall be prosecuted upon information under oath to be filed by the prosecuting attorney, but the grand jury of the circuit court for said county may indict for any offence triable in the court of record. Upon the finding of such indictment the circuit judge shall commit or bail the accused for trial in the court of record, which trial shall be upon information.

Section 45. The clerk of said court shall be elected by the electors of Escambia county and shall hold office for four years and his compensation shall be fixed by law. The sheriff of Escambia county shall be the executive officer of said court, and his duties and fees shall be fixed by law.

Section 46. The same rule of procedure and practice which obtain in the circuit court of the county shall obtain in the court of record, and all laws relative to criminal courts of record, except as otherwise provided herein, shall apply to and control the court of record. Change of venue may be had from the court of record to the circuit court of another county for the same causes, and under the laws providing for changing the venue from circuit court of one county to the circuit court of another county. The Governor may, in his discretion, order the circuit judge of Escambia county or of any other county to hold one or more terms or parts of terms of the court of record. Any civil cause in the court of record may be tried before a referee, or in case of the disqualification of the judge of the court of record, may be tried by a judge ad litem, or may be transferred to the circuit court of Escambia county or of ony other county, in the same way and according to the same provisisons as govern such proceedings in the circuit court of Escambia county.

Section 47. The Supreme Court of the State shall have appellate jurisdiction in all cases at law and in equity originating in the court of record, and in cases of conviction of felony in the court of record. The circuit court of Escambia county shall have final appellate jurisdiction of all misdemeanors tried in the court of record. All appeals or writs of error prosecuted from the court of record, whether to the Supreme Court or Circuit Court, shall be prosecuted in the same way and according to the same rules as govern such proceedings from the Circuit Court to the Supreme Court.

Approved June 6, 1905.

ARTICLE XXXII.

That the following amendment to Article XVII of the Constitution of the State of Florida be, and the same is hereby agreed to and shall be submitted to the electors of the State at the general election in 1906 for ratification or rejection:

Section 1. Either branch of the Legislature, at a regular session thereof, may propose amendments to this Constitution; and if the same be agreed to by three-fifths of all the members elected to each house, such proposed amendments shall be entered upon their respective Journals with the yeas and nays and shall be published in one newspaper in each county where a newspaper is published, for one month immediately preceding the next general election of Representatives, at which election the same shall be submitted to the electors of the State, for approval or rejection. If a majority of the electors voting upon the amendments at such election shall adopt the amendments the same shall become a part of the Constitution. The proposed amendments shall be so submitted as to enable the electors to vote on each amendment separately. All amendments adopted at the election at which this is submitted or heretofore adopted by the electors are hereby declared a part of the Constitutien from the date of the adoption of the same.

Approved June 6, 1905.

The votes cast in compliance with said proposed amendments, and the canvass, declarations and returns thereof, shall be subjected to the same regulations and restrictions as are provided by law for general elections in the State of Florida.

In testimony whereof, I have hereunto set my hand and affixed the great seal of the State of Florida, at Tallahassee, the capital, this first day of August, A. D., 1906.

FIGHTING THE SEA.

Holland's Continuous Performance In Preventing Floods.

Holland is a country of wooden piles and dikes, for the people are perpetually fighting against the encroachments of water. One building in Amsterdam rests on no fewer than 13,659 piles, though the dikes around the town, which have been erected at enormous expense, effectually prevent any chance of a flood. The streets of the flourishing port of Rotterdam even are frequently under water in the winter, and in some parts of south Holland the people are compelled to do their shopping in boats.

When the Zuyder Zee breaks on to the land, those who wade up to their knees along the streets of a flooded village meet all manner of fish. This is explained by the fact that the Zuyder Zee, with its mud bottom, is literally crammed with finny tribes; and one authority states that if it were well scraped of all its fish one year, it would be full again the next.

The land of Holland is really of four distinct levels, and from ten to twelve feet between the highest and the lowest. To make the land dry, the water is pumped from the lowest level to the one immediately above it, and so on, until the water has been returned again to the sea. A large number of engineers are specially engaged to look after the dikes, and no less a sum than $2,500,000 is expended every year in keeping these fortifications against the sea in proper repair.

SOFT CRABS.

After Shedding the New Shells Harden With Great Rapidity.

The supply of soft crabs for market is obtained by catching hard crabs and keeping them until they shed their shells. For this purpose large rectangular floats, made of laths and planking, are employed, and three or four times every day the stock on hand is carefully inspected, all the soft crabs being picked out and packed without delay. They are put into shallow boxes of moist seaweed, from ten to thirty-five dozen in a box, according to the size of the animals. When the packing is done carefully the occupants may be kept alive from sixty to seventy hours after leaving the water.

Crabs have been shipped all the way from the Chesapeake to Canada, arriving at their destination in good condition. In summer, of course, ice is used.

But where soft crabs are concerned it is necessary that they shall reach the market quickly, because their new shells harden with great rapidity. At the end of twelve hours the shells are like parchment, and in three or four days the crab is as hard as ever—hence unfit for use in the form most highly approved by epicures.—New York Herald.

The "Longest Resident."

The poverty of the English language is exemplified by a circular which is making the rounds of a suburb and invites subscriptions to a testimonial to the station master. It comes from one who styles himself "the longest resident," the sad physical fact being that he is probably the shortest, although in bulk and rotundity he makes up for the inches he lacks in height. Here is a case in which the very clumsiness of the German language would be an inestimable help, for then this gentleman could quite correctly describe himself "the for-the-longest-time-herein residing" or even perhaps "the for-the-longest-time-herein-residingest" individual. Those compound adjectives of the Teutons may be awkward, but they express what the user means and insure accuracy.—London Standard.

Makes Homely Women Pretty.

No woman no matter how regular her features may be can be called pretty if her complexion is bad. Orino Laxative Fruit Syrup aids digestion and clears sallow blotched complexions by stimulating the liver and bowels. Orino Laxative Fruit Syrup does not nauseate or gripe and is mild and pleasant to take. Remember the name Orino and refuse to accept any substitute. J. W. McCollom & Co.

THE FRENCHMAN'S DINNER.

Happy and Care Free In the Evening Is the True Parisian.

The Frenchman, with all his politeness and little niceties, is not a good dresser. He is nowhere near the class of the London man, nor can he equal the Baltimore man who gives thought to his wardrobe. This, of course, applies to generalities. There are exceptions where the Frenchman is a model of the tailor's and haberdasher's skill.

As a rule, however, there are other things that mean much more to him than mere clothes. For instance, he likes to dine. Every Frenchman, in the proper sense of the word, dines in the evening. He prefers highly seasoned food if he can get it and service of a corresponding degree of excellence. But dine he must and dine he will—if not a good dinner, then a poor one. He must have his soup, his fish, a roast, an entree, some salad, dessert and a bit of cheese. With this he has wine, the vintage regulated by the size of his bank roll. His coffee, in the summer time, he will take outside with a cigarette or cigar, and his enjoyment is not complete unless he hears the strains of an orchestra.

He is not, perhaps, so passionately fond of music as the German, but still he likes it and will have it if he can afford it. He is gay and happy in the evenings, is the Frenchman, and his cares, whatever they are, he dismisses temporarily. He rises late, and he dines late. Nine o'clock is about the proper hour for the coffee, after he has paid his respects to the various courses. Then he is ready for the gay life. When London is going to bed Paris is just beginning to warm up.—Letter in Baltimore News.

THE FATE OF CAPTAIN LEE.

A Debt of Gratitude That This Country Owes to Spain.

During the summer of 1776 Captain John Lee of Marblehead, cruising under a commission from congress, having taken and sent home five valuable prizes, entered the port of Bilbao in Spain. The captains of two of his prizes and a part of their crews were on board. These officers immediately protested against their capture and had Captain Lee arrested on a charge of piracy. The local authorities sent the documents in the case to Madrid, together with the commission granted by this new and unknown power.

In the decision of the Spanish ministry depended not alone the fate of Captain Lee, but whether some of the most important ports in Europe should be opened or closed to American cruisers and privateers. The English minister in Spain brought all his influence to bear against Captain Lee. At this moment the Declaration of the Fourth of July reached Madrid. The complaint against Captain Lee was dismissed, supplies for his ship and aid in repairing it were furnished, and public declaration was made that in Spanish ports the new flag of America was as free and as welcome as was the flag of England.

Spain, like France, also helped the United States with 1,000,000 francs and with cargoes of military stores.—Boston Globe.

A Young Mother at 70.

"My mother has suddenly been made young at 70. Twenty years of intense suffering from dyspepsia had entirely disabled her, until six months ago, when she began taking Electric Bitters which have completely cured her and restored the strength and activity she had in the prime of life," writes Mrs. W. L. Gilpatrick of Danforth, Me. Greatest restorative medicine on the globe. Sets stomach, liver and kidneys right, purifies the blood, and cures malaria, biliousness and weakness. Wonderful nerve tonic. Price 50c. Guaranteed by all druggists.

How the Katydid Sings.

Everybody is familiar with the raspy notes known as the katydid's "song." It is the male only that is capable of emitting the well known sounds, and he does it in a most peculiar manner. His "vocal organs" are at the base of his wings and consist of two flat excrescences of thin, dry membrane. It is the rubbing of these two membranous plates together which produces the "song." If your shoulder blades were so loosely put together that one could be slipped under the other and the underside of one and the upper side of the other were so rough that the operation of slipping them past each other would cause a rasping sound you could imitate the katydid's musical efforts very nicely.

A Charge of Cruelty.

From time to time unfounded charges of cruelty are made against nurses, especially those engaged in mental asylums. A striking instance occurred recently in the case of a nurse at a county asylum. She was on visiting room duty, and a newcomer was asking people who had been visitors for some time as to the treatment of the patients.

"Oh," was the reply, "they treats the poor souls cruel here. Why, they gives 'em a bath every week!"

Cynical.

"Pa, what is an optimist?"

"An optimist, my son, is a person who believes he will actually see a time when the law will be no respecter of persons."

"Will he be president when he sees that time come, pa?"

"No, my child; he will be in an asylum."—Baltimore American.

A Handsome Flower Garden.

One of the attractions of West Liberty street—in fact, one of the attractions of the entire city—is the handsome flower garden of Mrs. T. B. Ellis, Sr., at the corner of West Liberty and Arredondo streets.

Mrs. Ellis, who is passionately devoted to flowers, has given her personal time and attention to this garden, which is filled not only with roses of every variety, but choice and rare tropical plants. Among the most interesting of these is a plant called Caladium, or elephant's ear. There is no flower, but the foliage is very handsome, the leaves growing in the shape of an elephant's ear, and very large. Mrs. Ellis' plant is more than seven feet in heighth, and the largest leaf measures sixty inches in diameter. It has been admired by many pedestrians, many of whom have asked the privilege to go in and examine it.

Mrs. Ellis takes great pride in her flower garden, which is interspersed with mammoth banana trees in full bearing. She has a right to be, for it is one of the finest in this section.

Rev. F. M. Hartman of Paradise desires to express his keep gratitude to the many friends who were so kind during the recent illness and death of his beloved wife.

Mrs. M. E. Houston and Misses Mary, Helen and Asenath Phifer, daughters of W. B. Phifer, have returned from Monroe and Concord, N. C., where they have spent the summer delightfully.

J. E. Futch, Jr., has returned from Atlanta, Ga., where he has been for the past few weeks with his mother, Mrs. J. E. Futch. Mrs. Futch will remain in the Georgia Capital for the next few days.

Miss Mamie Wilcox left yesterday for Washington, D. C., where she will enter the Chevet Chase college. The many friends of this justly popular young lady will greatly miss her, but wish her a most pleasant stay in the Capital City.

W. T. Chesnut of Arredondo was in the city yesterday. Mrs. Chesnut and children, who have been residing at Arredondo for the past few months, have returned to their home here, and are again pleasantly located at 703 Alachua avenue, East Gainesville.

J. N. Marsh has returned from a business trip of several days to points in South Florida. Mr. Marsh expects to have his family here in a few days. They have been on their annual vacation in North Carolina and have been greatly benefited by their trip.

Alderman H. E. Benson and wife have returned from Vermont and other Eastern States, where they have been for the former's health. They spent some time in the Adirondacks and report a most pleasant outing. The many friends of Alderman Benson will be pleased to learn that his health is greatly improved.

It is with pleasure I announce the arrival of Mr. R. O. Eagle. Mr. Eagle is a thorough, practical piano man, having learned his trade in the great factory of Knabe Co., and Chas. Steiff, Baltimore. Mr. Eagle will be associated with me, having charge of the tuning department. Any tuning entrusted to his care will be guaranteed to give perfect satisfaction. A. R. HARPER.

Hon. Frank Clark, who returned home from South Florida last week, where he has been engaged in strenuous legal work for two weeks, is now confined to his bed by sickness, and his many friends will be pained to learn that he has, upon the urgent advice of his physician, been compelled to cancel all engagements for the next several weeks, or at least until his health will permit him to resume work.
